

A warm welcome back and hello to all Brent Knoll Families,

We in the Children, Families and Communities Committee hope that you all had a lovely Easter break and are experiencing some positive changes in your lives now that we have various relaxations of government restrictions. The Spring sunshine is lovely, isn't it?!

First and foremost; we would like to congratulate and thank all of our children & young people for coping with the most challenging of 12 months and for returning to school (again) and settling well over this last while. Well done!! Whilst we are mindful to reflect on the difficulties of the past year and welcome any comments from you about your experiences, the committee would also like to start looking forward to the next 12 months and making positive plans.

Around this time of year, the Governing Board sends out a survey kindly requesting your feedback and views about you and your young person's experience at Brent Knoll. Due to the pandemic, the Committee thought it was best to postpone this for the time being although we are still keen to hear from all of you.

The Committee and BK Family Forum invite you to share your ideas and suggestions for the focus of future meetings or events. The Forum, who meet informally every half term would like to know what you need support with or to know more about i.e. behaviour, wellbeing, how symbols and sequencing strips can support communication? Or something completely different!?

Also, meetings are currently held during the day, and we would like to know if an evening time (this term) would be more accessible for some of you?

We appreciate life is really busy but please do take a couple of minutes to share any feedback and ideas, we want to discover ways to better support and connect with our community and every opinion counts. Please do not share any personal details unless you would like a response. Thank you!

Stay safe and well everyone.

Best wishes

Cheryl Cowie, Parent Governor

Children, Families & Communities Committee

An electronic form is available to complete via a link [here](#)

We would like to attend an **evening** Family Forum meeting: YES/NO

Please share any feedback, views, or suggestions. Thank you.
